

ISLAMIC BANKING AND INDONESIA

DR.PRADEEP TANDON

EX-RA-FACULTY MEMBER,
JAWAHARLAL NEHRU UNIVERSITY, NEW DELHI.

ABSTRACT:-

Islamic banking is banking activity that applies or uses the principles of sharia (Islamic law) consistently in its practical application and promote development of Islamic economics. Islamic Banks customers are Muslims only and they work on Islamic law principles. Their entity is of ethical professional service provider to Muslims. These Banks offers services of Financial solutions and professional banking to their customers and any other of their counterparts. There are more than 200 million Muslims in the world, but still one does not hear much about Islamic Banks. This article will focus on learning what Islamic Banking is, their working and trying to analyze the problems faced by them for their promotion in Indonesia.

KEY WORDS: Islamic banking, Muslims, Indonesia.
