

AGRICULTURAL PRICE POLICY: RATIONALE AND ITS IMPACTS

CHERRY ARORA

ASSISTANT PROFESSOR, DEPARTMENT OF ECONOMICS
ARYABHATTA COLLEGE, DELHI UNIVERSITY.

ABSTRACT

Agricultural price policy is an instrument for providing incentives to farmers for motivating them to go for production – oriented investment and technology, and to safeguard the interests of consumers by making supplies available at reasonable prices. This paper analysed the effects of Agricultural policy on production, income of the farmers, cropping pattern, industry, stability of prices.

KEYWORDS: Price Policy, Technology, Price stability.
