

NEED FOR INTEGRATION OF TECHNOLOGY IN +2 SCHOOLS IN MEGHALAYA

BLIZZARD R MARAK

NORTH EASTERN HILL UNIVERSITY (NEHU), TURA CAMPUS, MEGHALAYA.

ABSTRACT

Even though Meghalaya is a small state as compared to the other states of the Country, when we feed our minds where will we be in the 22nd century, integration of technology in our teaching and learning process is the must where it will not only inform the students solely about the power of technology but will also act as a hub of initiation of the information sharing to parents, society etc. to understand the need to learn technology for our daily lives.

KEY WORDS: Meghalaya, Technology, Education, Schools.
