ABSTRACT

Indian women of today have taken many strides towards business ownership. With relevant education, work experience, improving economic conditions and financial opportunities, more women around the world are creating and sustaining successful business ventures. This will not only have an impact on the economies of the countries in which women own their businesses but also will change the status of women in those societies. It is likely that, as we begin this millennium, this will be the century of the entrepreneur in general and of the women entrepreneur in particular.

KEYWORDS: Women, Empowerment, entrepreneur.
