ABSTRACT
Corporate governance refers to the set of systems, principles and processes by which a company is governed and controlled. It is also beneficial for all stakeholders in the long term. Corporate governance is based on principles such as conducting the business with all integrity and fairness, being transparent with regard to all transactions, making all the necessary disclosures and decisions, complying with all the laws of the land. Corporate Governance has gained a lot of importance and momentum the world over. The present paper aims to understand the corporate governance scenario in India and challenges in Corporate Governance in India.

KEYWORDS: Corporate, Governance, Stakeholders, Ethical, Shareholders.
