ABSTRACT:

The present study evaluates the emotional maturity self-confidence and academic achievement of adolescents in relation to their gender and urban-rural background. The sample consisted of 200 students (100 male and 100 female) from Jodhpur district of Rajasthan. Self-confidence inventory (ASCI) developed by Dr.Rekha Gupta. Emotional Maturity Scale by Dr YashvirSingh and Dr Mahesh Bharagavaand achievement scores of the students were taken from their Xth class annual results were us to collect the data. The data were analysed by „t“ test. The results discovered that the male and female adolescents have significantly difference on emotional maturity. It was also noticed that male and female adolescents have no significantly difference on self-confidence but have significantly difference on academic achievement.

KEYWORD: Emotional Maturity, Self Confidence, Academic Achievement, Adolescents& urban-rural.
